DETAILED ACTION

Response to Amendment

The Amendment, filed on October 28, 2005, has been entered and acknowledged by the Examiner.

Cancellation of claims 1-25 has been entered.

Claims 26-33 are pending in the instant application.

Allowable Subject Matter

Claims 26-33 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance:

Regarding claim 26, the references of the Prior Art of record fails to teach or suggest the combination of the limitations as set forth in claim 26, and specifically comprising the limitation of the wiring comprises a plurality of recesses arranged in a direction crossing the longitudinal direction of the wiring, and wherein the thickness of the wiring is 30 nm or more at the bottom of each of the plurality of recesses.

Regarding claims 27-33, claims 27-33 are allowable for the reasons given in claim 26 because of their dependency status from claim 26.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
